

NEW AND NOTABLE TITLES

At Gale, we seek to provide original, authoritative content that offers a fresh perspective—helping students develop informed points of view. We're proud to spotlight our newest eBook titles that explore the top subject areas relevant to today's researchers.

Books to Film: Cinematic Adaptations of Literary Works

Gale • 2017

ISBN: 9781410338433

Merges two popular areas of study by exploring the process of adapting literary works for film in four main categories: classic literature, contemporary best-sellers and popular fiction, nonfiction, and young adult and children's literature. Sidebars highlight those identified with an adaptation or particular work, such as authors, film directors, screenwriters, actors, and producers.

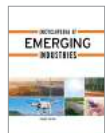

Encyclopedia of American Industries, 7th Ed.

Gale • 2018

3 Vol.

ISBN: 9781410363299

This fully updated edition provides insight into every realm of American business. The 3 volumes that comprise the set are arranged by the North American Industry Classification System (NAICS) and include an essay for every one of the 1,057 NAICS codes from 2017.

Encyclopedia of Emerging Industries, 7th Ed.

Gale • 2017

ISBN: 9781410379771

Provides insight into the inception, emergence, and current status of new industries, business segments pioneering new technologies, and those introducing breakthrough marketing strategies or implementing innovative means of serving new markets.

Encyclopedia of Global Industries, 6th Ed.

Gale • 2017

ISBN: 9781410363220

Contains detailed, comprehensive information on industries that span continents and cultures. Includes 125 entries chronicling the history, development, and current status of the world's most lucrative and high-profile industries, such as mining, pharmaceuticals, motor vehicles, and many others.

Gale Enciclopedia de la Medicina: Edición Abreviada en Español (Gale Encyclopedia of Medicine: Edition Abridged in Spanish)

Gale • 2018

2 Vol.

ISBN: 9781410380067

Presents scholarly, in-depth articles on medical topics written in Spanish. Entries include disease and disorder articles covering definitions, descriptions, causes and symptoms, diagnoses, treatments, prevention, and more. Test and treatment articles cover definitions, purposes, precautions, preparations, risks, normal and abnormal results, and other topics.

Gale Encyclopedia of Emerging Diseases

Gale • 2018

ISBN: 9781410380784

Provides authoritative, balanced information on the origins, causes, symptoms, and treatments of infectious diseases that are appearing for the first time in a population or have recently increased. Factors contributing to their spread and geopolitical aspects of their treatment are also discussed.

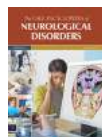

Gale Encyclopedia of Fitness, 2nd Ed.

Gale • 2017

2 Vol.

ISBN: 9781410379764

A comprehensive collection of topics ranging from sports, exercise, and fitness tests to the body's reaction to physical fitness and other health-related issues that pertain to exercise and fitness.

Gale Encyclopedia of Neurological Disorders, 3rd Ed.

Gale • 2017

3 Vol.

ISBN: 9781410379757

Provides thorough coverage of neurological diseases and disorders, including stroke, multiple sclerosis, Parkinson's disease, Tourette Syndrome, Alzheimer's disease, cerebral palsy, vertigo, amnesia, and epilepsy. Features over 400 entries, supplemented by 150 illustrations with a comprehensive subject index.

Gale Encyclopedia of Nursing and Allied Health, 4th Ed.

Gale • 2018

7 Vol.

ISBN: 9781410363206

A comprehensive and easy-to-use reference source aimed to educate people about allied health and nursing, whether they are pursuing a degree or already working as a nurse or allied health professional. Entries focusing on patient care and medicine provide information on traversing the healthcare system, licensing, and training when appropriate.

Legal Issues Across the Globe

Gale • 2018

ISBN: 9781410338419

Taking an interdisciplinary approach, this series examines how globally shared issues are addressed within the legal systems of various countries and explores the historical and cultural forces behind those legal rulings. Issues include the internet, speech, marijuana, police misconduct, refugees, same-sex relationships, and sexual and reproductive rights of women.

Posthumanism: An Introductory Handbook

Macmillan Reference USA • 2018

ISBN: 9780028664484

Introduces scholarly perspectives on emergent technologies and biotechnologies and their effects. Asks questions about what it means to be human and the nature of our relationships with the environment and non-humans, such as animals and robots. These concepts are analyzed and discussed under the prism of biology, medical research, ethics, artificial intelligence, biotechnology, religion, gender, and more.

St. James Encyclopedia of Hip Hop Culture

St. James Press • 2018

ISBN: 9781410380821

Presents entries that examine the history and contributions of hip hop to American and global culture. Provides information about the music, dance, and visual arts that are the artistic expressions of hip hop culture. Features the people, places, events, and works that began the hip hop movement and established it as a global phenomenon.
