

RESOURCES FOR LGBTQIA+ INCLUSIVE CURRICULUM

In July 2020, the state of Illinois became the fourth state in the U.S. to mandate LGBTQIA+ history be taught in schools. As more and more states require school to teach LGBTQIA+ history, resources for teachers will need to be not only accessible for all students, but inclusive and promote acceptance through exposing students to different people and viewpoints. Shannon Weber, PhD in LGBTQIA+ studies, educator and author of *Feminism in Minutes*, shares why Gale's new edition to the *For Students* series is an integral part of the LGBTQIA+ curriculum: "LGBTQIA+ novelists, poets, and playwrights have offered some of the most creative, iconoclastic, and progressive understandings of what it means to live and love as our authentic selves. This is why a series like *LGBTQIA+ Literature for Students* is such an important addition to our literary education."
